Nexus - Brass Brothers Timeless

Bronzetto

BR_NEX02I

A vertical architectural composition that combines symmetry and lightness.

Two circular brass structures, finished in warm amber-bronzed waxed tones, are connected by long rods and adorned with curved arms that embrace satin-finish faceted glass tubes.

Each tier features a glossy petrol blue enamel band, adding a jewel-like touch to the whole piece.

Ideal for large spaces and statement ceilings, it offers diffused, atmospheric light with Art Déco references and medieval inspirations.
